Ashley's English Youtube clip

PRACTICE! She says about 10 times before you get fluent.

Clip time	Notes	Snapshot
1:00	Start center; used 2 fingers; always hold thread or ring will open. Like a tatted ring. Make 12 petals	
3:13	Closeup – how to make the basic stitch Joan's first – see how I messed up on the 5 rows?	 Thread that goes over the needle creates the petal Thread coming out of the needle is brought forward over the thread and behind the needle. Only wrap thread on top when you join 2 looks and want an invisible stitch.
4:21	Open to adjust spacing of petal (picot)	
4:25-4:56	Close and tie ring; pinch loops and pull the cut end.	 PULL TO CLOSE CENTER RING

5:50-6:30	Finish first ring-knot on the petal tops; Not much space in between.	
7:14 8:01- 10:50 finish	Next row – now knot in the open spaces- Uses a blind stitch to connect between bridges **Stitch sequence:** Small knot, picot (petal), small knot, blind stitch Do blind stitch - wrap needle end over needle instead of behind it	
10:58 start next row 13:49	Connect petals 	

|		
13:50-14:46 End at 18:00	3 petals **Stitch sequence:** 1small, 3 petals, 1 small, 1 invisible to connect to the next hole 	
19:21 – 22:50 end	Knot on top of petals – larger space between petal sets. Small spacing between 3 petals. 	
23:25; 24:10	Add new thread New thread goes under work, work as usual - carry cut end into knot for 2 stitches	

22:51 28:09 counting stitches	Do the 'netting' rows - 5 rows of small stitches all around in each hole; do 2 or more in the larger holes, 1 on the petal tops. **To reduce** – if you get ruffling – do an 'invisible' stitch, **to add** if your piece cups, do 2 stitches in one hole Count holes along the line until you have 5 rows (before and after the row you are working). 	 If you do one more stitch, then the next row will have 6 holes in the row
29:53-	Do larger bridges – skipping one or not, depending on the stitching. 	
32:49 start last ring 3:31 Second stitch starts at 34:07 36:23-shows variegated	**Stitch sequence:** 1 tight, 1 very small petal, got back into that hole and put the thread backwards over the needle and DON'T wrap needle end of thread around needle, then go back into the big hole of same stitch and do a regular stitch, then a small knot and an invisible stitch to repeat in the next hole. 	Connect motifs – looks like just with simple sewing INSTEAD OF ENDING THE MOTIF WITH THIS ROW – See the **advanced-row.mp4**, and then these: • Araret mountain.mp4 • catapillar.mp4 • butterfly.mp4
